KESM Wins STMicroelectronics Award

Kuala Lumpur, March 7, 2016: KESM Industries Berhad (Bursa Securities: KESM), the largest independent burn-in service company in Malaysia has been awarded by STMicroelectronics (ST), for the outstanding strategic support provided to STMicroelectronics on “Operational Excellence & Lean” programs. The award was presented to KESM by a group of representatives from two different ST organizations at the recent award giving ceremony at ST Muar.

From the ST Packaging and Test Manufacturing: -

Mr. CS Tan, MUAR Plant General Manager

Mr. WS Yoong, MUAR Plant General Manager Deputy

Mr. DS Huh, MUAR Central Test and Finishing Director

From the ST Automotive Group: -

Mr. Marco Maria Butta, Automotive Operations Managing Director

Mr. Vittorio Villari, Automotive APAC Operations & Quality Director

Mr. CS Lim, Vice President of KESM said, “We are very honored and proud to receive this distinctive award from ST. ST is a valued customer and a leader in the semiconductor industry.”

Mr. CS Tan, Muar Plant General Manager of STMicroelectronics added, “The standards which KESM are measured are considered to be world-class. The service excellence demonstrated by KESM is truly remarkable. We are thankful for their enduring commitment to industry quality standards and this separates them from their peers and is critical to delivering increased value to our customers.”

Mr. Marco Maria Butta, Automotive Operations Managing Director of STMicroelectronics added, “We appreciate KESM’s performance and this award recognizes their outstanding efforts and supports in the field of the Operational Excellence Programs and Lean implementation. We are looking forward to continuing our effective collaboration.”

The Supplier Award is part of STMicroelectronics continuous process that encourages suppliers to strive for excellence and continuous improvement.

About KESM Industries Berhad

KESM Industries Berhad is the largest independent burn-in service company in Malaysia, specializing in “burn-in” and “test” of integrated circuits. KESM, the first burn-in “service company” to be accredited with ISO 9002 and QS 9000, is fully committed to promoting the highest quality of services to the electronics and semiconductor industries.
