To: The Shareholders of KESMI

Dear Sir/Madam,

PROPOSED RENEWAL OF EXISTING SHAREHOLDERS' MANDATE FOR RECURRENT RELATED PARTY TRANSACTIONS OF A REVENUE OR TRADING NATURE

1.0 INTRODUCTION

On 4 January 2017, the Company obtained the general mandates from its shareholders for the KESMI Group to enter into the RRPTs based on commercial terms which are not more favourable to the Related Parties involved than those generally available to the public and in the ordinary course of business of the KESMI Group.

The said general mandates obtained for the RRPTs shall, in accordance with Paragraph 10.09 of the Listing Requirements, lapse at the conclusion of the forthcoming AGM which has been scheduled to be held on 11 January 2018, unless approval for its renewal is obtained from the shareholders of the Company.

Accordingly, the Company had on 19 September 2017 announced to Bursa Securities that the Company is proposing to seek the approval of its shareholders for the Proposed Renewal of Shareholders' Mandate.

THE PURPOSE OF THIS CIRCULAR IS TO PROVIDE YOU WITH THE DETAILS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE, TO SET OUT YOUR BOARD'S RECOMMENDATION THEREON, AND TO SEEK YOUR APPROVAL ON THE RESOLUTION TO BE TABLED AT THE FORTHCOMING EGM. THE NOTICE OF EGM TOGETHER WITH THE FORM OF PROXY ARE ENCLOSED HEREWITH IN THIS CIRCULAR.

SHAREHOLDERS OF KESMI ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS CIRCULAR TOGETHER WITH THE APPENDIX CONTAINED HEREIN BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE AT THE FORTHCOMING EGM.

2.0 PROVISIONS UNDER THE LISTING REQUIREMENTS

In line with Paragraph 10.09(2) of the Listing Requirements, the Company may seek the Shareholders' Mandate subject to, inter-alia, the following:-

- (i) the RRPTs are in the ordinary course of business and are on terms not more favourable to the Related Parties involved than those generally available to the public;
- (ii) the Shareholders' Mandate is subject to annual renewal and disclosure is made in the annual report of KESMI of the aggregate value of RRPTs conducted pursuant to the Shareholders' Mandate during the financial year where the aggregate value is equal to or more than the threshold prescribed under subparagraph 10.09(1) of the Listing Requirements, i.e. where the consideration, value of the assets, capital outlay or costs of the RRPTs is RM1 million or more; or the percentage ratios of such RRPTs (as prescribed in Paragraph 10.02 of the Listing Requirements) is 1% or more, whichever is the lower;
- (iii) the interested Directors, interested Major Shareholders, interested persons connected with a Director or Major Shareholder, and where it involves the interest of an interested person connected with a Director or Major Shareholder, such Director or Major Shareholder, must not vote on the resolution approving the RRPTs at the forthcoming EGM. An interested Director or interested Major Shareholder must also ensure that persons connected with them abstain from voting on the resolution approving the RRPTs; and
- (iv) the Company immediately announces to Bursa Securities when the actual value of a RRPT entered into by the Company, exceeds the estimated value of the RRPT disclosed in the Circular by 10% or more and must include the information as may be prescribed by Bursa Securities in its announcement.

3.0 DETAILS OF THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE

3.1 The principal activities of the Company are investment holding and provision of semiconductor burn-in services. The principal activities of its subsidiaries are as follows:-

Company	Effective equity interest (%)	Principal activity
KESP	100.00	Provision of semiconductor burn-in services and electronic manufacturing services
KESM Test	100.00	Provision of semiconductor testing services
KESM Tianjin	100.00	Provision of semiconductor burn-in and testing services

3.2 In the course of the Group's day-to-day business, the Group purchases, burn-in equipment, testing equipment, electronic equipment and other related machinery from the Sunright Group on a recurrent basis.

Burn-in equipment are systems and boards used in the burn-in process. The burn-in process involves subjecting a semiconductor device to controlled stresses, which simulate in a compressed time frame, electrical and thermal conditions to which the device would be subjected to during its normal life applications, in an effort to uncover defects and to assure long term reliability.

Testing equipment refers to testers and related accessories used in the testing process. Testing is carried out to determine whether a semiconductor device operates as intended as well as graded for its quality.

Further details of the RRPTs are provided in section 4.0 below.

- 3.3 The Board is seeking the approval of the shareholders of KESMI for the Group to continue to enter into the RRPTs on the conditions that such RRPTs are entered into at arm's length and on normal commercial terms which are not more favourable to the Related Parties involved than those generally available to the public, and which will not be detrimental to the minority shareholders of KESMI.
- 3.4 Information on the RRPTs that were entered into between the KESMI Group and the Related Parties involved for the financial year ended 31 July 2017 is provided in Notes to the Financial Statements No. 22 of the financial statements of the Company as contained in KESMI's Annual Report 2017.

4.0 DETAILS OF THE RRPTS

4.1 Types of RRPTs

The specific types of RRPTs which are covered under the Proposed Renewal of Shareholders' Mandate are as follows:-

(i) **Purchase and/or sale of equipment and related machinery (including consumables)**

The KESMI Group purchases and/or sells equipment such as burn-in equipment, testing equipment, electronic equipment and other related machinery (including consumables such as sockets, drivers etc.) from/to the Sunright Group to cater to its day-to-day operational requirements.

In purchasing the burn-in and related equipment from the Sunright Group, the Board takes into consideration the following factors:-

- (a) The Sunright Group is already principally involved in the manufacture of such equipment, and is believed by the Board to be the world's largest independent provider of burn-in and test services in addition to being a leading and reliable manufacturer of parallel test and burn-in systems. It therefore makes commercial sense to the Board to purchase certain products such as burn-in equipment and related equipment from the Sunright Group. In addition, the Board believes that such an arrangement would enable the Group to:-
- obtain a more secured and continuing supply source with consistent product quality;
 - gain access to Sunright Group's specialist knowledge of the burn-in and testing industry on a global basis as well as the accumulated expertise and experience of the Sunright Group; and
 - tap into the Sunright Group's strengths including its commitment to continuing research and development, long term recurring relationships with major semiconductor and electronic manufacturers as well as a global presence, to procure the necessary and continuous support, which has enabled the Group to keep up-to-date with global advances in semiconductor and electronic technology.

In fact, since its commencement of business in 1978, the KESMI Group has been relying on the Sunright Group for, inter-alia, engineering assistance and advancement, as the Board does not see the need to duplicate the efforts in such areas for which the Sunright Group has already incurred time, effort and costs to develop and sustain the necessary expertise.

- (b) Optimising the equipment utilisation and efficiency rate, for example, having a close working relationship with the Sunright Group provides the necessary critical support for the KESMI Group at certain times when the Group may be coping with insufficient manufacturing capacities due to overwhelming orders from customers.

The Board ensures that the purchases from the Sunright Group are transacted on an arm's length pricing basis, after taking into consideration alternative quotations from other companies.

(ii) **Provision of management services**

The KESMI Group obtains management services from Sunright in the areas of administrative support and human resource management, business development, corporate finance and treasury services and accounting, financial planning and controls and legal matters ("**Group Management and/or Support Services**").

The centralisation of these management support areas with the Sunright Group is made with the aim of enabling the KESMI Group to eliminate duplication of supporting management services in addition to saving cost by sharing out such expenses.

Sunright charges a fee for such services based on a cost plus formula.

(iii) **Provision of electronic manufacturing services ("EMS")**

Due to capacity constraints and the changing pattern in customer demand, the Sunright Group may from time to time outsource part of its processes to the KESMI Group at a competitive price.

The KESMI Group provides EMS services to the Sunright Group and this provides an additional source of revenue stream to the KESMI Group.

4.3 Amounts due and owing by Related Parties

As at the end of the financial year ended 31 July 2017, there are no outstanding amounts due and owing by a Related Party which exceeded the credit term.

4.4 The guidelines and procedures for transacting with Related Parties

The KESMI Group had established various guidelines and procedures to ensure that the RRPTs are undertaken on an arm's length basis, on transaction prices and terms not more favourable to the Related Parties involved than those generally available to the public and not detrimental to the minority shareholders of the Company.

The management of KESMI shall review the RRPTs based on the following parameters/procedures:-

- (i) the RRPTs will only be entered into after taking into account the pricing, availability of machinery, order size, useful life, delivery time and level of service;
- (ii) the purchase price, terms and conditions of the RRPTs are determined after taking into consideration, amongst others, the demand and supply of the products, credit terms and reliability of supply, where practical and feasible. At least two other contemporaneous transactions with unrelated third parties for similar products and/or services and/or quantities will be used as comparison, wherever available or possible, to determine whether the price and terms offered to and/or by the Related Parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products and/or services and/or quantities.

In the event that quotations or comparative pricing from unrelated third parties cannot be obtained for the proposed RRPTs, the management will rely on their usual business practices and their market knowledge of prevailing industry norms bearing in mind the urgency and efficiency of services to be provided or required to ensure that the RRPTs are not detrimental to the Company and/or the Group;

- (iii) Sunright provides management services to the KESMI Group and charges a fee based on a cost plus formula; and

RRPTs shall be reviewed and authorised by the following parties within the Company:-

Nature of transaction	Value of transaction (for each project or single transaction)	Authority Levels
Non-capital expenditure RRPTs	Up to RM2 million (provided the aggregate value does not exceed RM20 million per quarter)	2 Executive Directors
	Above RM2 million	Audit Committee
Capital expenditure RRPTs	Up to RM5 million	2 Executive Directors
	Above RM5 million	Audit Committee

Where any Director has an interest (direct or indirect) in any of the RRPTs, such Director shall abstain from deliberating and voting on all matters pertaining to the RRPTs at the relevant meetings of the Audit Committee and/or the Board, as the case may be.

All RRPTs shall be tabled to the Audit Committee for their approval and/or ratification, as the case may be. The Audit Committee shall review the RRPTs with due care to determine whether the established guidelines and procedures of the Company for such transactions have been adhered to strictly.

Pursuant to Paragraph 10.09 of the Listing Requirements, in a meeting to obtain the shareholders' approval for the Proposed Renewal of Shareholders' Mandate, the interested Director, interested Major Shareholder or interested persons connected with a Director or Major Shareholder, and where it involves the interest of an interested person connected with a Director or Major Shareholder, such Director or Major Shareholder, must not vote on the resolution approving the RRPTs. In addition, such interested Director or Major Shareholder must also ensure that persons connected with him/her (as the case may be) abstain from voting on the resolution approving the RRPTs. Interested Directors shall also abstain from deliberating at the board meetings in respect of the RRPTs in which they are interested.

5.0 STATEMENT BY AUDIT COMMITTEE

The Audit Committee, save for Lim Mee Ing who is an interested Director in relation to the Proposed Renewal of Shareholders' Mandate, has seen and reviewed the guidelines and procedures set out in section 4.4 above and is of the view that they are sufficient to ensure that the RRPTs will be carried out on normal commercial terms which are not more favourable to the Related Parties involved than those generally available to the public and not detrimental to the interest of the Company and its minority shareholders.

The Audit Committee is of the view that the Group has in place adequate procedures and processes to monitor, track and identify RRPTs in a timely and orderly manner. The Audit Committee shall review these procedures and processes on a quarterly basis. This is to ensure that the RRPTs are not detrimental or prejudicial to the minority shareholders of the Company.

6.0 DISCLOSURE AND VALIDITY PERIOD OF THE SHAREHOLDERS' MANDATE

Disclosure will be made in the next Annual Report of the Company of the breakdown of the aggregate value of the RRPTs, type of transactions, and names of the Related Parties involved and their relationship with the Company, during the current financial year, and in the Annual Report of the subsequent financial years of the Company during which the Proposed Renewal of Shareholders' Mandate remains in force.

The Proposed Renewal of Shareholders' Mandate is subject to annual renewal and shall continue to be in full effect and force until:-

- (i) the conclusion of the next AGM of the Company following the forthcoming EGM if the Shareholders' Mandate is successfully passed, at which time it will lapse, unless by a resolution passed at the said AGM, the authority for the Shareholders' Mandate is renewed;
- (ii) the expiration of the period within which the next AGM after that date is required to be held pursuant to Section 340 of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340 of the Act); or
- (iii) revoked or varied by resolution passed by the shareholders in a general meeting,

whichever is earlier.

[The rest of this page is intentionally left blank]

7.0 RATIONALE FOR THE PROPOSED RENEWAL OF SHAREHOLDERS' MANDATE

The rationale for the Proposed Renewal of Shareholders' Mandate is as follows:-

- (a) The Proposed Renewal of Shareholders' Mandate will facilitate transactions with the Related Parties which are in the Group's ordinary course of business, undertaken on commercial terms and on terms not more favorable to the Related Parties than those generally available to and/or from the public, where applicable, and, in the Company's opinion, not detrimental to the minority shareholders of the Company;
- (b) The Proposed Renewal of Shareholders' Mandate will enhance the KESMI Group's ability to pursue business opportunity which are time-sensitive in nature and will eliminate the need for the Company to convene separate general meetings to seek shareholders' approval for each RRPT;
- (c) The Proposed Renewal of Shareholders' Mandate will substantially reduce the expenses associated with the convening of general meetings on an ad hoc basis, improve administrative efficiency considerably and allow resources to be channeled towards attaining other corporate objectives;
- (d) The Proposed Renewal of Shareholders' Mandate is expected to benefit the KESMI Group as detailed in section 4.1 above; and
- (e) In respect of the Group Management and/or Support Services, the Proposed Renewal of Shareholders' Mandate will enable the KESMI Group to reduce operating cost and improve efficiency, thereby improving the Group's business and administrative efficacy.

8.0 APPROVAL REQUIRED

The Proposed Renewal of Shareholders' Mandate is subject to the approval of the shareholders of the Company being obtained at the forthcoming EGM to be convened.
